

**Learning  
Sharing  
Growing**

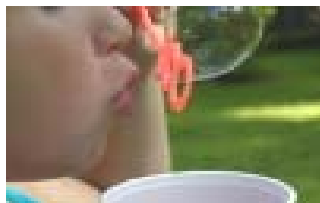

*For children 2-5 years*

In our beautiful setting, we experience nature, play sports and games, enjoy our fenced in playground, and cool down with water play.

Our drama classes let us express ourselves through movement and music.

Arts and crafts provide a creative outlet and a time for self expression.

Science and cooking round out our fun. With experiments and treats, we learn and enjoy each lesson more than the last.
