MONDAY

Happy & Healthy with Ms. Jojo

Put on your chef's hat and yoga mat for an introduction to wellness. We will EXPLORE care of our earth, experience healthy eating by cooking delicious, nutritious food, and care for our bodies through yoga exercises. Each week we will gain an understanding of the harmony between the world and ourselves. Food allergies will be monitored.

TUESDAY

Super Duper Science with Ms. Mindy

Grab your magnifying glass and follow the trail to science fun. Chemistry experiments, archaeological digs, museum presentations, nature studies- these are just a few of the exciting explorations we will embark on in each class. We will not only think like scientists, we will be the scientists. Quenching your child's thirst for KNOWLEDGE and satisfying their continuous curiosity, learning will be the added benefit to all the fun we will have.

WEDNESDAY

Around the World with Ms. Jojo

Grab your passports, this program will take your kids across the globe to explore new countries and learn a little about various cultures and how others live. Each country will offer something different to share: dancing, new language, crafts, culinary activities, and music too.

THURSDAY

Mini Michelangelo's with Ms. Mindy

Beyond the masterpieces your child creates in the regular school day, we will FOSTER your child's creativity by introducing them to the masters of all mediums. We will provide a hands-on exploration of photography, watercolors, sculpture, collage, architecture, fashion, and other forms of artistic expression. Each topic will produce a finished piece of artwork, in addition to some basic art history knowledge. You may find your child questioning why you have a post-modern piece of artwork in your colonial style home. Did we mention that it's fun too?

FRIDAY

Sports provided by Kidokinetics

Kidokinetics is coming to The Frances and Herbert Brody Pre-School of Temple B'nai Or! We are an mobile sports & fitness program that introduces basic concepts of a variety of over 20 sports in a safe, noncompetitive environment. The sport classes are designed to be fun, educational, and to stimulate brain development.
