

ENRICHMENT PROGRAMS 2018-2019

The Frances & Herbert Brody Pre-School of Temple B'nai Or offers children the opportunity to explore and grow through enrichment.

We are providing programs that reach children on multiple levels, using a variety of teaching styles, and expanding their knowledge through experiential learning.

Join the journey and see the rewards as your child(ren) expand their horizons.

Monday 1:00-2:30

MAKERS & SHAKERS

Challenging our minds and creativity, we will use everyday objects to build working mechanical inventions. Starting with Rube Goldberg machines, which break down a simple task into multiple steps, the children will have an opportunity to plan, execute, and observe what it takes to make something work.

As we utilize the strategies of STEM (science, technology, engineering and math) in a developmentally appropriate manner, the children will learn how to work

collaboratively and independently.

Stretching their imaginations, they will enjoy the satisfaction of success and learn from the agony of defeat. Regardless of outcome, by following the guidelines set forth by the "maker movement", our students will reap the vast rewards of being a maker and a shaker.

Wednesday 1:00-2:30

HAPPY & HEALTHY: Mind, Body & Soul

Grab your gardening gloves, chef's hat and yoga mat for an introduction to wellness. We will explore taking care of our earth through tending our own garden, experience healthy eating by cooking delicious, nutritious food, and care for our bodies through yoga exercises.

Each week we will gain an understanding of the harmony between the world and ourselves. Food allergies will be monitored.

Explore, Create, Imagine, Build

Tuesday 1:00-2:30

SPORT SQUIRTS

This program has been designed to introduce young children to a variety of sports in a safe, structured environment. All games and activities encompass hand/eye coordination, balance, agility and movement – all key factors to the early development of children in sport. In addition to having a great time playing different sports, children will develop social interaction and communication skills. All sports are developed through a series of games and activities designed
